

BOSS[®] ZONE:1 Fibreglass Towers

STRONG AND DURABLE

- ▶ Manufactured from Glass Reinforced Polymer which is **non-conductive**, **non-sparking**, **non-corrosive** and **non-oxidising** for a range of applications
- ▶ Colour coded hook – ensures the braces are easy to identify
- ▶ Improved frame design enables quick assembly
- ▶ Frame collar encapsulates the GRP tube to eliminate accidental damage during assembly and transportation
- ▶ Frame interlocking clip is retained in the collar, thereby reducing wear and tear
- ▶ 30kg side loading as required by EN1004
- ▶ Maximum platform safe working load of 220kg.
